Resources Institute

KENYA NATIONAL LANDSCAPE RESTORATION SCALING CONFERENCE

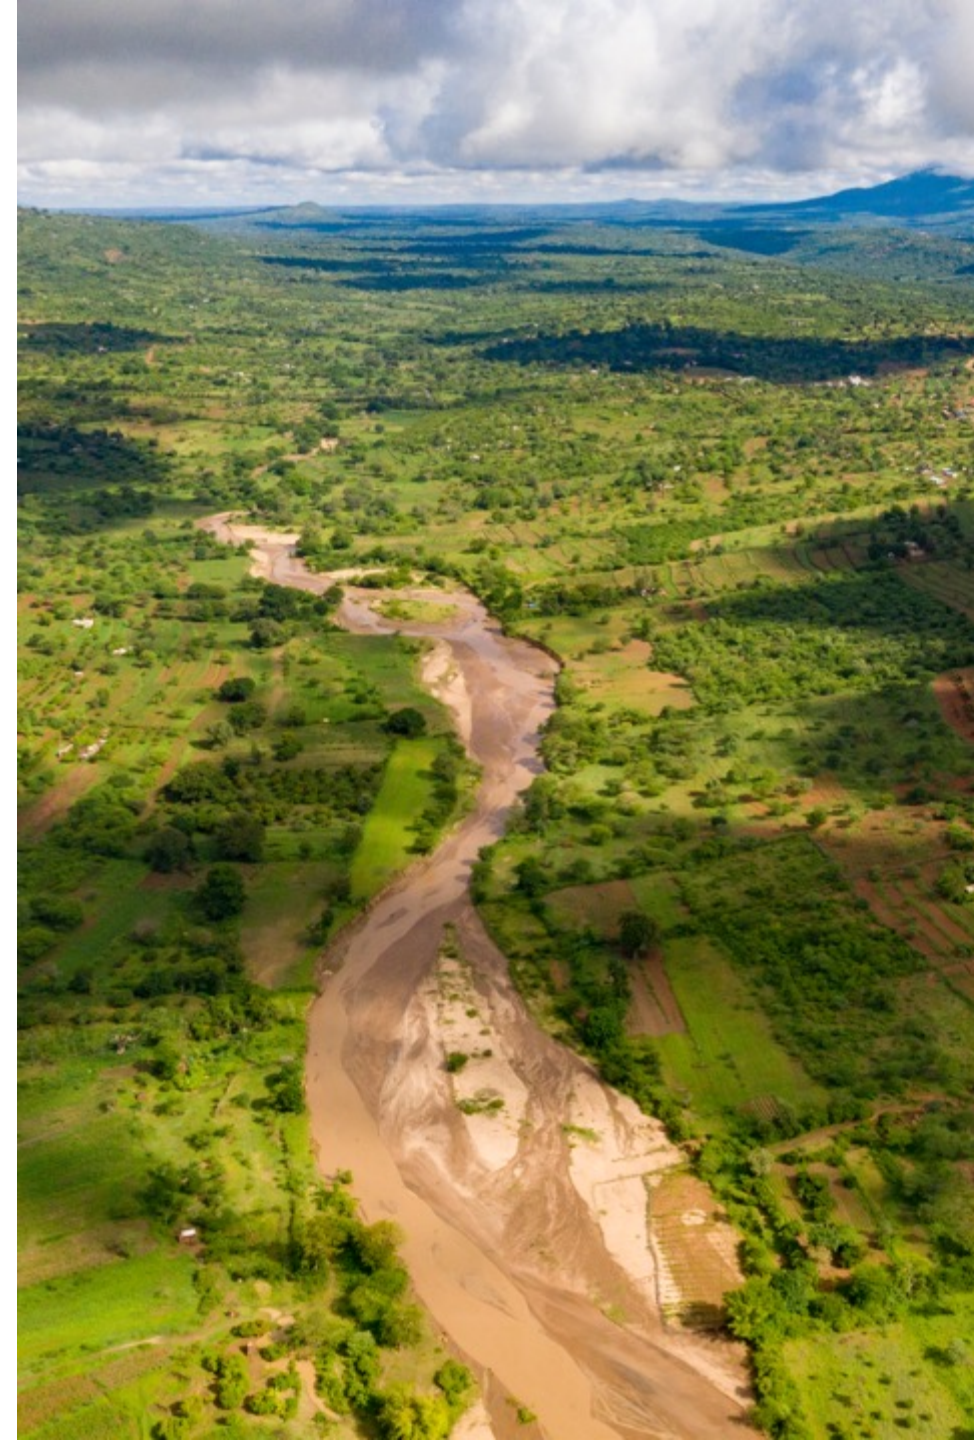

July 9, 2021

Mieke Bourne Ochieng, Regreening Africa Programme
Manager, CIFOR-ICRAF

Conference Objectives

- **Catalyze a national restoration movement** towards the achievement of Kenya's restoration ambitions.
- **Showcase different restoration practices** and investigate their suitability for the different places and people.
- Provide a **platform for engaging with policy makers** that will contribute to necessary policy adjustments needed to support landscape restoration.
- Highlight the **role of women and youth** in restoration and outline potential for their greater inclusion.
- Identify **bottlenecks and opportunities** for greater restoration **entrepreneurship and business**.
- Agree on a process for a **common monitoring, reporting, and learning framework** for landscape restoration.
- Bring together stakeholders working in the restoration space to **develop a common roadmap and agree on key actions**.
- **Catalyze funding** for land restoration in the country towards realizing the vision of the UN Decade for Ecosystem Restoration.

Launch

Youth power in restoration

Roots of FMNR

FLR monitoring

Private sector

Capacity building

Fostered synergies between initiatives

Identified areas for coordinated implementation and monitoring

Created mechanisms to harness collective strengths

Need for meaningful partnership

Income generation

Access to knowledge and technology

Evolution of Farmer Managed Natural Regeneration In Kenya from an indigenous practice to a movement

Reviewed tools

Shared vision for integrated monitoring framework

Agreed on need for action plan

Showcasing of private sector led and supported restoration

Enterprise solutions for restoration

Highlighted bottlenecks

Shared a new tool to capture capacity needs and reflected on what is needed for restoration capacity building

	9am	10	11	12	1	2	3	4	5pm
Monday	Restoration approaches and practices <ul style="list-style-type: none"> • Pastoral system restoration • Forest Landscape Restoration • Agricultural landscape restoration 								
Tuesday	Youth and women inclusion in restoration								
Wednesday	Movement building and leveraging <ul style="list-style-type: none"> • Grassroots • County government • Faith Based 								
Thursday	Landscape restoration monitoring					Entrepreneurship and business approaches in restoration			
Friday			Session feedback, action plan, recommendations and closing						

A conference for action

Each theme to develop an action plan and recommendations.

Ideas already coming up:

- A process for cascading the national restoration targets down to the county level and eventually to the village level.
- Working groups for capacity development and to spearhead action in the different landscapes and monitoring.
- Matching investors and projects...

Photo: Joakim Vagen

Please

- Make sure you have registered
- Share information about the conference through your networks
- Attend the thematic sessions (information will be sent out each day)
- Participate actively and contribute (open zoom meeting)
- Visit the website for updates and resources
- Come back next Friday to hear the outcomes of the conference
- Keep engaging, learning, sharing and acting for land restoration

THANK YOU! ASANTE!
