

Kenya National Landscape Restoration Scaling Conference

Catalyzing action for landscape restoration

6 DAYS

30+ SPEAKERS

5 THEMES

9-16 JULY 2021

You are warmly invited to attend the

Kenya National Landscape Restoration Scaling Conference: Catalyzing action for landscape restoration

Join the conversation on how we can accelerate the momentum of landscape restoration in Kenya by bringing together and linking multiple dimensions of the efforts.

Conference Objectives:

1. Catalyze a national restoration movement towards the achievement of Kenya's restoration ambitions, that can shape mindsets, support implementation.
2. Showcase different restoration practices and investigate their suitability for the different places and people in the country.
3. Provide a platform for engaging with policy makers that will contribute to necessary policy adjustments needed to support landscape restoration.
4. Highlight the role of women and youth in restoration and outline potential for their greater inclusion.
5. Identify bottlenecks and opportunities for greater restoration entrepreneurship and business.
6. Agree on a process for a common monitoring, reporting, and learning framework for landscape restoration.
7. Bring together stakeholders working in the restoration space to develop a common roadmap and agree on key actions.
8. Catalyze funding for land restoration in the country towards realizing the vision of the UN Decade for Ecosystem Restoration (2021-2030).
