

VIRTUAL EVENT

YOUTH AND WOMEN INCLUSION IN RESTORATION

Tue, 13 July 2021

9.00 - 12.30 EAT

#KenyanRestoration

Youth and Women Inclusion in Restoration

Various opportunities exist for youth and women in restoration including linkages to sources of finance, capacity building and network opportunities for knowledge sharing.

Join the discussion as the youth and women share their experiences on how they can be meaningfully engaged in restoration

[Tweet](#)

[Forward](#)

Objectives:

1. To discuss ways in which women and youth can be meaningfully engaged in decision making processes for restoration.
2. To highlight some of the challenges or bottlenecks to youth and women participation in restoration and come up with ideas on how to solve them.
3. To showcase opportunities for youth and women in restoration including linkages to sources of finances, capacity building and networking opportunities for knowledge sharing.
