f) Satisfaction with duration of conference and timings – 70% overall satisfaction

Rating	Level of satisfaction	No of Responses	%
1	Extremely dissatisfied	4	4
2	Dissatisfied	13	12
3	Neutral	15	14
4	Satisfied	36	33
5	Very satisfied	41	37

### 3. Level of engagement respondents are interested in

#### 4. Additional feedback on the conference

RESPONDENT NAME	ANY OTHER SUGGESTIONS OR FEEDBACK YOU WOULD LIKE TO SHARE ON THE CONFERENCE
Benson Okombo	Time from was so long
Jane Wegesa Fraser	It was a fruitful conference and would like to be included in the actions ahead.
Dr. Petronilla Wanjugu Nduthu	The duration of one week for a virtual conference could have been too long for some stakeholders to concentrate throughout unlike when the conferences are physical. I attended all the sessions from opening to closing. However just asking if next time facilitation of airtime is done.
Simon Lekembe	Community-based Conservation Organization at the grassroots level involves in restoration work to be given priority when funding opportunity arise.
Geoffrey Ikaba Waithaka	Emphasis should be put on trees growing rather than just planting, government agencies, individuals and NGOs have records of a million trees planted yet the ground doesn't depict the same. I do highly appreciate these efforts though.
Darrel Onyango	Could we possibly incorporate bundles reimbursement to allow in more people?
Songa Bonga Freddy	Human being must be at the top to be involved to save the green space
Fidelis Peter Mutuku	Very informative, an eye-opener towards restoration of our environment wellbeing. Looking forward to further inclusion on engagements focused on the same.
Tchingsabe Obadia	Nous aimerions avoir toutes les présentations et le rapport final de la Conférence. Merci bien. / We would like to have all the presentations and the final report of the Conference. Thank you very much.
Paul Wabomba Mutambo	The program to work towards creating more impact on the small holders' farmers.
King'uru Wahome	Make it a regular activity
Dolphine Anyango	The laid down action plans should be implemented with greater involvement of women and children at the grassroots.
Ronald	Create ample time for the webinars
Joel K. Laigong	Having a weeklong conference is difficult for those employed in some sectors. two to three days would be alright.
Seelamanthula Satyanarayana	Arrange sessions on community planting with different models, Soil enrichment by plantings, Medicinal crops plantation, how to approach farmers about community plantation and maintenance

Charles Ringa	<p>More awareness to be organized to the community to emphasize on restoration of the landscape.</p> <p>More frequently visiting of primary and high schools due to plan sessions impacting the knowledge of landscape restoration.</p> <p>Empowerment of groups dealing with restoration activities.</p>
Gathara Wahome	Sharing of presentations at the end of each session to facilitate prompt clarifications and feedback.
Mbangilwa Mukombe Michel	This conference was a good experience to get a large idea of some practice of Agroforestry in Kenya and to know some reality of this topic in this party of the world.
Vanessa Caren	That was a great conference, I really learnt a lot.
Aderibigbe Abiodun	It is good if a conference of this nature is done in Nigeria
Salome Lukorito	The scope of the conference cuts across the board; beyond Kenya. As the Food Security and Livelihood Cluster national Co-coordinator in South Sudan, RuCAPD is committed to engage and mobilize toward the achievement of zero hunger in the decade of ecosystem restoration. We look forward to participating in the various thematic areas further actively as we scale up efforts toward landscape restoration and ultimately ecosystem restoration.
Wanja Kinuthia	Detailed study of economic benefits of ecosystem services. (Pollinators, soil biota etc.) Expand study for appropriate road, railway, urban green space landscape management for human health.
Samson Njihia	More time should be allocated for thematic group deliberations.
Charles Oluoch	Kindly send me information regarding funding programs for tree planting initiatives.
Fred Adick	Enhancing capacity building opportunities for passionate young researchers like me
Sabina Otieno	How to capacity building women in the community on climate change
Jeniffer Rono	The conference was interesting, but time allocation limited. May be in future you can have less presenters in a day but run the conference for a longer time
Milka Joseph	Well planned sessions
Odinga Isaiah Abour	They should also create networking forums and support marginalize groups in the rural
Basil Murila	It was a great week for mother earth. Let us follow with actions
Zainab Said	If possible, let's do this more
Joy Obando	Well planned conference - although not able to participate in all sessions
Isaboke Job	I love the conference and more of this should be conducted

Francis Nyambariga	The conference should be made an annual event to take stock of landscape restoration strides yearly.
Ivy Okutoyi	It was an insightful and positive discussion around landscape restoration. Looking forward to global and continental conferences for sharing experiences and techniques.
Jan Vandenabeele	Follow-up activities are needed.
Geoffrey Rono	Further engagement on capacity building, women, and youth-led initiatives
Hailu Wondu Jufare	The webinar was so nice, but in the future for further information share and more formal communication, can you arrange a face-to-face conference?
Dismas Onyango	There should be more frequent may be quarterly or even monthly
Gonche Girma	Please share the conference materials and give certificate for our successful participation. In addition to this prepare capacity building training such as R software, STATA, SAS, research writing, proposal writing for funding as well as link PhD scholarship opportunities.
Kennedy Kipngeno	Keep up the great work of organizing, the capacity building was very informative
Teresa Gitonga	Great Initiative, we need such a conference per year and if COVID 19 go down a physical conference s good
Gakuria Munda	Based on the attendance numbers of the conference i have a scary feeling that a lot more will need to be done to onboard participants if we are to achieve meaningful landscape restoration in Kenya.
Mourine Kemunto Martin	Would like to be involved in the national landscape forum activities wherever they come up
Dr. Anthony O. Esilaba	I look forward to receiving the conference proceedings
Laureen Ongesa	the conference was brainstorming and there is need to continue organizing for more to discuss on other relevant staff related to restoration for example policy framework
Robinson Ng'ethe	Well organized workshop. Excellent information sharing platform
Lonah Mukoya	This was an opportunity for us who work with the Farmer organizations who engages in different value chains but not able to link with landscape restoration
Luke Kapchanga	Most interested in active participation in future.
Michael Muthui	The national working taskforce should consider representation from NGOs
Derrick Ombok	All in all, the conference was well planned and implemented with the creation of a space for knowledge sharing on various aspects relating to the main theme.
Peter Mwangangi Njeru	There is need to build capacity of various law makers at County level on policy and advocacy for natural resources conservation. This will enhance inclusion of ecosystem

	conservation and restoration agenda during policy formulation process. Thank you.
